When you sign up for our Tent Service on BRAN, get your Hot, Private, Daily Shower FREE!

See Pork Belly Ventures application form below.

Tent Service: This service includes the rental of our Cabelas XPG three-season tent plus all labor: daily set-up and take-down and moving your baggage to and from your tent each day. You get up each morning and leave your packed bags inside the tent. In the next host town, you will find your bags inside the tent. The tent is 63 sq. ft. and will comfortably sleep one or two people with duffel bags inside. If you have friends who are renting tents from us on BRAN, we will make every effort to place your tents next to each other. We include the daily shower for one or two tent occupants per tent. It's our goal to have the tents set up in the next host town by noon each day, so it will be important for our tent crew to have access to all tents and bags by 7:00 a.m. daily. Members of our crew may move quietly through the rental tents at around 6:00 a.m. daily, removing stakes.

Shower Service: Your daily, hot, private shower with a towel is included in your tent service. Our shower trailer is air-conditioned. Each bather has a private dressing area outside the shower stall; you keep your stuff with you, and it doesn't get wet. Shampoo and liquid soap are provided, and stalls are wiped down regularly throughout the day. Showers are available until early evening, when the whole operation moves at night to the next BRAN host town.
